I decided to go for it and indulge in a Seaweed Oil Hair Massage, a Taro Butter Pohaku Massage which included stone massage therapy for my body, and an Ali'i Ageless Facial.

This is an anti-ageing facial incorporating **Intra**ceuticals **Oxygen** Therapy (my therapists were very excited to tell me that this is an Australian machine) and an arsenal of antioxidants and vitamins, some based on the taro plant.

Our stay was a totally unique experience. Every aspect of the St Regis Princeville is perfect, from the service through to the ambience. We came away feeling totally relaxed and at the same time exhilarated. It's difficult to explain, but being surrounded by such beauty really is uplifting. I guess you will just have to go there yourself to see exactly what I mean.

THE BEAUTY HAS THE HONOUR OF BEING THE FIRST AUSTRALIAN MAGAZINE TO BE ALLOWED ENTRANCE INTO THE EXCLUSIVELY REFURBISHED ST REGIS PRINCEVILLE RESORT ON THE HAWAIIAN ISLAND OF KAUAI. VISIT US AT WWW.BELLA.COM.AU
